

Newsletter??? Yep newsletter. For this month and maybe next month, this will be the newsletter. Fortunately, there's not too much going on and I can handle it through this forum.

I have suffered a worm, bug, virus, etc, that has disabled my Microsoft Publisher program. Since that is the template I use for the newsletter, I'm shut down. I've had some computer experts working on it. They have managed to get the e-mail and most of my system working working, but the Publisher is not and I am not going to waste any more money on this old system.

Back to club stuff.

Mowing Mowing Mowing Mowing Mowing

Please check the roster. We need people to mow. The grass is still growing and we don't have people signed up to mow. Please check it out and fill in where possible. Thank You.

The city wide is just around the corner. August 21 is the date, Danville is the place. We need as many as possible to represent the club. Believe me guys it is fun and it's not tough. We've been practicing at our field on Wednesday evenings. Come on out and give it a try. Let's get a team, we need at least 5, and bring the trophy to Hamilton County for the first time. Hamilton County has never won, it's time.

By the way, I tried the bomb drop set up I showed you in last months newsletter and it works good. I used a large paper clip, bent it to the proper shape and taped it to my rudder. I used a 5/8" washer with string tied to it as the bomb. It stayed on, and came off when I dipped the plane. Seems like a good set up. I need to tweak it some more, but it appears to work well.

DAWN PATROL

The dawn patrol is a couple of months away, but will be here before we know it. We discussed committees last month and so far here are 2.

Phil Compton is the concession committee Foreman. If you can help, please contact Phil and get on the list. If we have 6 or so volunteers, each person won't have very long to work. I would like to see 2 hour stints. Please contact Phil and sign up.

Trent Roesch volunteered to be in charge of parking. Again if you can help, get on Trent's list.

There will be other area's we will need help, registration is one. I will have them formalized and ready to go over at the next meeting.

Club Picnic

At the last meeting, all 9 of us decided to have a fall family picnic/funfly. This is a pitch in affair with the wives and kids and is always a lot of fun. We normally have a small fun fly at the same time, just to have fun. And this year we might extend the activities into a night fly. More to come on this.

That's about all for now. Please check the mowing roster and fill in where needed.

GET OUT AND FLY!
